24th MEGA CABLE FEST

Step into the future of digital innovation at MEGA CABLE FEST—where technology, business, and ideas come together under one roof. Explore breakthrough innovations, connect with industry pioneers, and discover the next generation of broadcasting and connectivity solutions that are shaping tomorrow's digital world.

Explore the Future

- Next-generation broadcasting technologies
- Digital cable and OTT innovations
- Broadband, FTTH, and high-speed connectivity solutions
- Smart home, smart business, and IoT technologies
- AI-driven digital services and emerging communication solutions

Event Highlights

- Grand Technology Exhibition featuring leading national and international brands
- Inspiring keynote sessions by industry visionaries
- Technical seminars and panel discussions
- Live product demonstrations and exclusive launches
- Business networking with broadcasters, cable operators, ISPs, technology providers, system integrators, and entrepreneurs
- Visitors and delegates from all South Indian states

Why You Should Participate

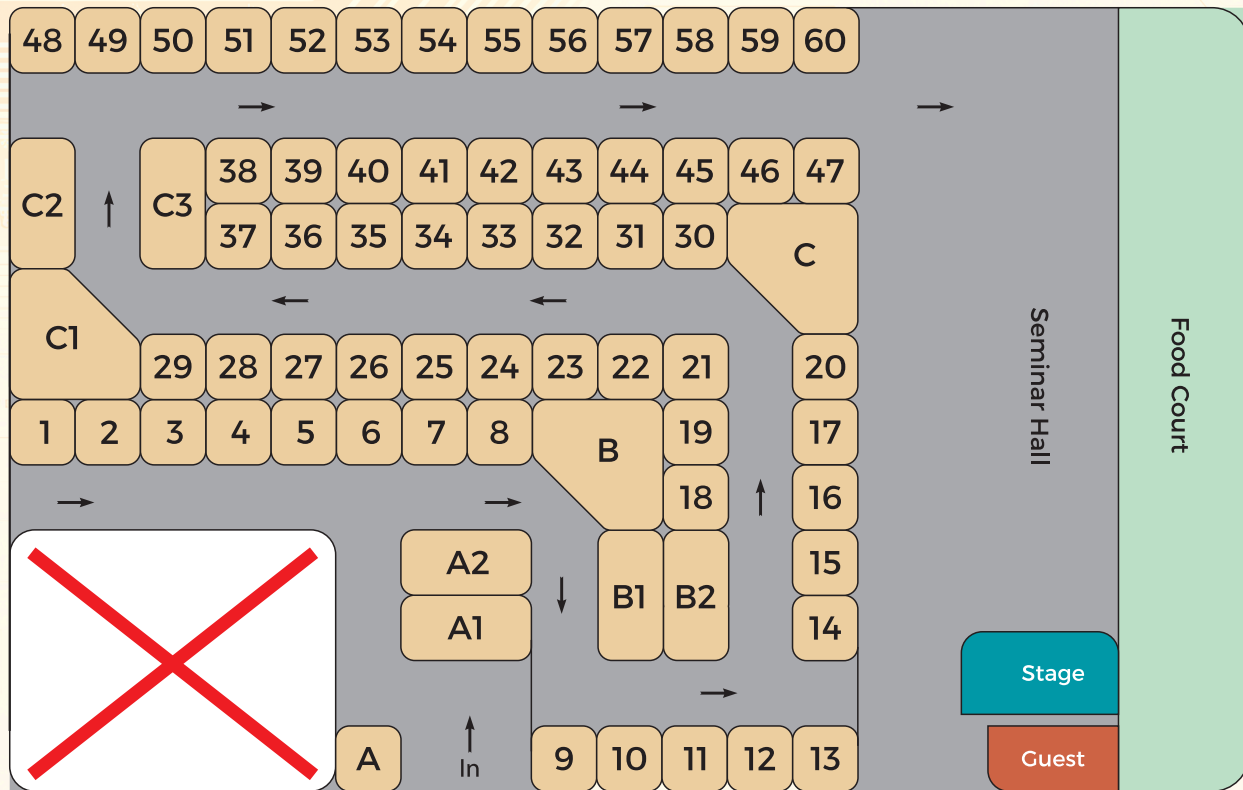

- Stay ahead of industry trends and technological advancements.
- Discover innovative products and future-ready solutions.
- Build strategic partnerships and strengthen your business network.
- Generate new business leads and explore new revenue opportunities.
- Meet decision-makers, buyers, investors, and technology experts all in one place.

Be Where the Industry Meets

Whether you are a broadcaster, cable operator, ISP, technology provider, manufacturer, entrepreneur, policymaker, or digital innovator, Mega Cable Fest 2026 is your gateway to the future of broadcasting and connectivity.

Join us at the 24th Mega Cable Fest and be part of South India's digital transformation.
