MEGA CABLE FEST, The pioneering event of broadcast, digital cable and broadband industry has been scheduled on 17, 18, 19 November 2022 at Kochi, the business and ICT hub of Kerala. Covid pandemic resulted in unprecedented growth in broadcast, digital media and broadband consumption. Many new products and services have reached the market. IPTV, OTT, E-COMMERCE and IOT services are redefining content production, distribution and consumption. In this scenario, the 20th edition of MEGA CABLE FEST will be significant for broadcasters, cable and broadband service providers, software and hardware solution providers, manufacturers, traders, Start-Ups and consumers.

Industry's most favoured Exhibition | Seminars and many more attractive events | Visitors from all South Indian States | Interactive sessions by industry leaders | Participation of the experts and lawmakers | Best promotion and media coverage.
